

MEETING MINUTES

September 27, 2007

Capital Area Chapter of the Academy of Certified Hazardous Materials Managers (ACHMM)

Location: FCI USA, Inc. Etters, PA

Attendees: Scott Durnin, Scott Ressler, Mark Schaffer, Bob Stockholm, Jim LaRegina

Facility Tour

The group was taken on a tour of the MEG-Array manufacturing area at FCI. The MEG-Array production area is an ISO 14001 and OHSAS 18001 Certified site with an integrated Environmental, Occupational Health and Safety Management System. The manufacturing processes consist of horizontal injection molding, automated assembly as well as maintenance, warehouse and machining support. We briefly discussed some of the waste reduction efforts (wastewater reduction, Lead substitution) that have been instituted in the area over its relatively short history.

Technical Presentation on Pennsylvania's Act II Land Recycling Program

Jim LaRegina with HRP and Associates, Inc. held an excellent presentation on Pennsylvania's Act II Land Recycling Program. Jim provided us with some excellent insight regarding sampling methodologies and emerging screening technologies that allow a company to save time and money on complicated site remediation projects. Jim also provided some interesting aspects of environmental liability avoidance and risk/reward decisions made by facilities looking to revitalize Brownfield sites.

Old Business:

- Chapter Dues are \$30.00. Checks should be made payable to Capital Area Chapter CHMM and sent to Mark Schaffer (Treasurer) at the following address:

Univar USA Inc.
