October Meeting Notice – Environmental Management Systems

Joint Meeting: *Central PA Chapter of ASSE, CHMM & Millersville University Student Section of ASSE*

Topic: The International Organization for Standardization published the revised ISO 14001 standard for environmental management systems in September 2015, giving certified facilities three years to transition to the new version. This presentation will provide a high-level overview of environmental management systems, what has changed in the ISO 14001:2015 standard, benefits of the new standard, transition tips, and lessons learned. The presentation will also include an overview and status update on the draft international standard ISO 45001 for occupational health and safety management systems.

Where: Millersville University – Osborn Hall in the Safety Lab (see attached map)

When: Tuesday 10/25/16 at 12:00 noon. Doors will open the doors at 11:45 am. Lunch will be served at noon. The presentation will follow from approximately 12:30 until 1:15 pm.

Speakers: Erika Frank is the Environmental, Health & Safety (EHS) Engineer for Amphenol FCI, and is responsible for EHS compliance and ISO 14001/OHSAS 18001 management systems at AFCI's electronic connector manufacturing plant in Etters, (York County) Pennsylvania. She has an extensive environmental permitting and compliance background, both as a consultant and as the former Manager of Environmental of Environmental Affairs for Calgon Carbon Corporation. She holds a B.S. in Civil Engineering from Virginia Tech and is working towards attaining her Associate Safety Professional certification.

Cost: \$20 – PAYPAL is available (click: [here](#)) to allow members to register with a credit card for the meeting. Just click on the PAY Pal word at the beginning of this row to access the Pay Pal website. Payment will also be accepted at the door via cash or check made payable to "Central PA ASSE."
